EL MERO MOLE

Cesar's bottles and sells the popular mole sauce, available on many of the dishes found in the restaurant. The beautiful mole sauce was born in the humble kitchen of Mexico City (Oaxaca), where Senora Lulu's cooking journey started at the age of 8 years old under the apprenticeship of her grandmother Clarita Vazquez.

When she was growing up as a young girl, Lourdes learned how her grandmother cooked in the small fonda (like a diner today). All this experience would eventually help her when she married and came to Chicago.

In 1991, Cesar's Taco began its humble beginnings and with time, the menu expanded to include El Mero Mole. Lourdes' mole sauce started to appear more frequently on specials and catering orders, and eventually it became a permanent staple on the menu. It has competed at local competitions and trade shows. This mole sauce is the result of three decades of dedication and true love to her family and business, now known as Cesar's Killer Margaritas.

El Mero Mole, made with over 20 earthy ingredients, is a delicate combination of zesty peppers, tomatoes, onions, garlic, and more. Mole is considered one of the most valuable gastronomic dishes from Mexico, to be enjoyed over chicken, rice, or vegetables.
